4. Games tied at the end of 9 innings will follow the extra-innings speed up rule as follows:
 - a. The last out from the previous inning will be placed as a runner on second base.
 - b. Each half-inning will end after the defensive team has recorded two (2) outs

c. Pitching/Defense

1. Pitchers cannot bounce the ball. Any pitch higher than one foot off the ground shall be called illegal by the umpire. If a player kicks a pitch that is called illegal, it is live and in play.
2. All pitches must be delivered in an underhand motion.
3. The pitcher must have at least 1 foot in contact with the pitching rubber when releasing the ball. Exception: Martinsville and Stenzil (Umpire's discretion).
4. The pitch must be delivered at an acceptable pace based on the umpire's discretion. A strike is a pitch within the strike zone that is either not kicked or missed by the kicker.
5. Foul balls are considered a strike.
6. Two strikes constitute an out. (A foul ball resulting in a second strike on a batter will also constitute an out)
7. Players may get a player out by either tagging the base on a force out or striking the runner with the kickball. NOTE: A defensive player may not hit a runner's head/neck with the ball. If done so, the runner will be awarded the base. Exception: If the runner dives, ducks or makes a movement that's puts their head/neck in the path of the ball.
8. There are no lead-offs. Runners may only leave their base once the ball has been kicked by a batter. A runner will be called out for leaving a base early.
9. Any egregious and intentional violation of pitching rules 1, 2 and/or 4 will result in a formal "Egregious Pitch Warning" from the umpire. A pitcher receiving two (2) Egregious Pitch Warnings from the umpire, in the same game, will no longer be eligible to pitch in that game. Please note that not all pitches called as "illegal" will result in an Egregious Pitch Warning. This is issued on the discretion of the umpire for "Egregious Pitches" that include, but are not limited to, pitches that curve,

backspin, or are thrown at excessive velocity, with the intent of deceiving the kicker.

d. Kicking/Batting

1. A kick made outside the batter's box will be considered a dead ball and a strike will be called against the batter.
2. A kicked ball must travel past the "bunt line" to be ruled a legal hit. Any ball not reaching this distance will be a dead ball, with a strike called against the batter.
3. A walk issued to a male kicker will result in a walk to the following female as well, provided the female is the next kicker due up. This can be declined by the female kicker, and if it is declined the male still gets 2nd base. If the male is not followed by a female, none of this applies (Standard 1 base walk).
